CREATIVITY and LEARNING

Participants in this workshop will never teach the same way again.
The workshop begins with a brief lecture on the nature of creativity
and it's value in the learning process.

The significant distinction between arts and crafts is discussed,
explored, and EXPERIENCED by the participants.

includes useful handouts

Time: 90 minutes **Cost:** for up to 30 participants **\$300.00**

(add an additional \$10 for each participant after 30)

Victoria's

BOOK MaKING with children

Various techniques and materials and the educational possibilities of bookmaking with young children are explored.

Books made by children are fabulous places for them to organize thoughts, concepts, sequences such as numbers, letters, seasons, etc.

Many handmade books are just beautiful in their own right, and artful bookmaking is currently recognized as a form of fine art sculpture.

includes useful handouts

Time: 90 minutes **Cost:** for up to 30 participants **\$300.00**

(add an additional \$10 for each participant after 30)
